MODULAR TOGGLE SWITCHES FROM VARILIGHT

FITTING INSTRUCTIONS

Please read these instructions carefully before beginning any electrical work and retain them for future reference. The product should be installed in accordance with the current addition of the **IET Wiring regulations**. If in doubt, consult a **qualified electrician**.

1. Always **switch OFF the mains supply** and remove the appropriate fuse or switch off the appropriate circuit breaker before beginning electrical work.
2. Always use **cable of the correct rating** and type.
3. The layout of the terminals may differ between fittings so **check the location of terminal connections carefully** before wiring.
4. Make electrical connections according to the relevant diagram overleaf **ensuring no bare wires protrude from the terminals**. Please ensure all terminals on each product are securely tightened.
5. If the product has an earth terminal connect the fixed earth wire to it and then **connect a short length of wire from the earth terminal on the product to the earth terminal on the wall box**. The earth wire should be sheathed with green and yellow sleeving.
6. **Screw plate to wall using fixing screws supplied.**
7. **Switch on the mains supply.**

WARNING: Do not apply products with metal faceplates directly to freshly plastered or damp surfaces as product may tarnish. If in doubt, use polythene as a temporary gasket to protect the product. Do not use masking tape on metal faceplates.

LIFETIME GUARANTEE

If this item becomes defective, **Varilight** undertakes to repair or replace it, at its discretion, solely as a result of faulty materials or workmanship, provided it has been correctly fitted, not overloaded, tampered with, or taken apart. Return the unit securely packed to: **Service Department, Caryl's Lea, Faygate, Horsham, West Sussex, RH12 4SJ (Tel. +44 (01293) 223333)**, with a letter stating the guarantee registration number, date and place of purchase, and details of the fault. This guarantee states Varilight's entire liability and does not cover consequential loss, damage, or installation costs. It does not affect your statutory rights. **For troubleshooting, visit varilight.co.uk/faqs, call +44 (01293) 223333, or raise a support ticket at varilight.co.uk/help.**

Guarantee Registration Number: LVR001

LEVER™

MODULAR TOGGLE SWITCHES FROM VARILIGHT

2-Way Switch Wiring

There are two common forms of wiring for 2-way circuits. Either may be used.

Retractive Wiring for one or multiple switches

For singular switches, follow the diagram before the dotted lines. Your terminal markings may vary.

Intermediate Switch Wiring

1-Way Switch Wiring

For 2 or more gangs the live wire may be connected to each COM terminal by means of a short length of sleeved wire.
